INTRO

Wie alles Entstand.

Angeregt durch die Aufgabenstellung
Eignungsprüfung 2018 und das
Buch „Ursprung allen Lebens – DAS EI
von Monika Offenberger“ kam mir die Idee
das zu verbinden. So kann und konnte ich einen
Teil mein Könnens und meine Kreative
Art und Weise umsetzen. Ich nahm den Augenblick,
diverses Material, unterschiedlichste Techniken (und deren
Werkzeuge) und meinen Wahlspruch „Aus Scheiße Gold machen“
oder „Lasst es Wundervoll sein oder lasst es Abscheulich sein ...
solange es nur Außergewöhnlich ist“ und es entstand nach und
nach diese zwei Bände. Eben von A – Z, Anfang bis Ende ...

Like everything. Inspired by the assignment aptitude test
2018 and the book "origin of all life - the EI of Monika
Offenberger" came to me the idea to connect. So I can and could
implement a part of my ability and my creative way. I took the
moment, various materials, different techniques (and their tools)
and my motto "make gold out of shit" or
"let it be wonderful or let it be disgusting ...
as long as it's just extraordinary"
and gradually these two came into
being volumes. Just from A – Z,
beginning to end ...
